

Dear parents and grandparents,

Day by day society tends to give more importance to superficial values rather than the important ones such as family values and love. Throughout our daily experiences we discover that the real important things in life are as simple as the family and respect.

Our grandparents are key figures in our families. They play an important loving role for our children through their experience and care. Today has been dedicated to them in class 2 at St. Peter's School. With great satisfaction we can say it has been a great success!

Grandparents and grandchildren enjoyed their lunch together

They have explained to their grandchildren what their games were like when they were young, they have taught them to cook as well as many other things and they have shared a lovely school day together. Hopefully our children have been magically guided through the excellent experience of respect, interaction and care.

I would like to thank **Miss Jane, Miss Niki, Srta. Ana, Miss Brenda, Miss May, Miss Fabiana, Miss Deidra** and all the rest of the teachers involved in today's lovely special day dedicated to our grandparents and congratulate them for it.

Old fashioned toys were enjoyed by everyone!

I would also like to thank all the **grandparents** involved today at school and encourage them to make the most of their role at home.

Gemma Izquierdo
Board of Directors
Lower School

We all learnt to make some delicious "rosquillas"
