**Mr. Jordi Ginjaume Culell,**

*General Manager Operations,*

St. Peter's International School

**Respected Sir,**

*Greetings from India!*

How are you. This is just to express once again our heartfelt thanks & deep debt of gratitude for hosting our young student's delegation from Chandigarh, India at your esteemed School on June 3, 2014.

Needless to add that our tour of Europe would have remained incomplete without a visit to St. Peter's International School, Barcelona. All your staff members, students we met, were so kind, patient and affectionate that we all will cherish for years, the memorable moments spent at your School.

During the presentation by your students we saw how you're inculcating the true values of holistic education. This we sometime call here as 3 H education, in which 'Head' is groomed for creative thinking, 'Heart' for compassion and 'Hands' for constructive work. These all elements we saw are covered in your wonderful academic schedule.

We'll also like to mention here a little about the Librarian Ms. Denise from whom we learned many tips on how to keep and maintain a library, as sometime even our small-small gestures, some posters/notices here and there makes a lot of difference. And she is a lady of love and labor.

I don't remember all the names of staff members who took great care of us, but we enjoyed the Spanish hospitality and warmth of human relations in true sense at your School. None of us will forget the ever smiling, so humble and caring Mr. Mark Lockwood; he really made us feel at home.

And here we'll also like to say a 'Big Thank U' for the staff at your School canteen; they really had done a wonderful job on that day as sometime food outside your place remains an issue, especially for kids. But our group enjoyed each and every dish served to us on that day.

Our expression of gratitude for everything will not be complete without 'THANKING YOU' for all the arrangements, hosting us at such a short notice & sparing time for us.

Do note that we're open to and are eagerly waiting for a possible visit of your School students to our small and beautiful modern city of Chandigarh. If you choose to come this way, we'll make sure that all of your people enjoy a memorable trip and go back with lots of more friends from Indian Schools.

One more last thing that our visit was widely covered by media here and you'll find name and picture of your School and students in attached news clippings.

With deep regards,

**pramod sharma,**
